Hi Mr. Baron my name is Leticia I was a sales rep. at Hillside Auto Outlet up until last week. Im sure you remember who I am I was the only sales woman there most of my 9 months working there. Also was #1 in sales for a good 7/8 months doing anywhere from 20-30 cars a month minimum 20 though. Im sure this isn't much of your concern but I did just want to let you know I will be taking legal actions again Hillside Auto Outlet as well as Ishaque Thanawalla being that he is refusing to pay me my last check. Also we were promised 5% on any deal we made that grossed over \$3500 which we were paid up until Jay the old GSM left which was about 5/6 months ago. Isaac called me his daughter and always showed me a lot of love and for

check. Also we were promised 5% on any deal we made that grossed over \$3500 which we were paid up until Jay the old GSM left which was about 5/6 months ago. Isaac called me his daughter and always showed me a lot of love and for him to screw me over in my biggest time of need being that I am pregnant is very unfair and he will not get away with this. I tried to give Isaac the opportunity to pay us ((David Manrique & myself) We actually quit the same day for the same reason)) I waited a week and he still is refusing to pay us and all we asked for was our last salary check because payrolls always a week behind and he said we are owes nothing. With that being said I would like to go back to all of our deals and be paid what I was promised upon being hired.

If anyone ever has an issue in this building I NEED TO KNOW. If I don't know what the issue is I can't fix it. If anyone has a problem or misunderstanding or anything I need to know so I can rectify the problem. I don't want animosity or friction between anyone. We all work together and eat together here. Whatever happened happened. It's been handled. Let's move on and put it behind us. We only move forward from here.

Wether he truly doesn't remember me or not is irrelevant. All I'm saying next time he or any one walks in the back that shouldn't be there meaning they don't work for us or are not seeing turro they should be told they're not allowed in. End of the story

It's 10:56 gates are down and no one is here. We all depend on each other to make a living here. 6 appointments did not go on the desk log yesterday. That's 6 people your bdc people would not have gotten paid on while they're working their asses off and dealing while the pressure that I put on them to go above and beyond to generate more traffic for us. Please get to work on time. I'm not gonna keep dealing with this. I'll just quit and go somewhere else. I want back from you what I put in. If

D1951

you can't give me that just let me know and I'll go work somewhere else because I'm only as good as the people I surround myself with.

Jan 24, 2019 at 5:50 PM

I am at work right now can i give you a call in a bit?

I will be available for about the next 10 minutes or so otherwise I can be reached tomorrow

Delivered

Okay give me a sec to step out

Never mind I will just take the route I already planned on taking. They told me I should reach out to you and see if you'd do anything for me but I rather be sure to get everything I worked hard for. We aren't 100% on the same page so Thank you anyways for your time.
